

THE PATIENT PROTECTION AND AFFORDABLE CARE ACT (PPACA) Required Notices

Provider Choice

You have the right to designate any primary care provider who participates in the network of your plan and who is available to accept you and/or your family members. For information on how to select a primary care provider and a search tool for locating participating primary care providers is available to you at www.myuhc.com. For more information contact Human Resources at 817-459-6869.

For dependent children, you may designate a pediatrician as the primary care provider.

Members do not need prior authorization from UnitedHealthcare or from any other person (including the primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology go to www.myuhc.com. For more information contact Human Resources at 817-459-6869.
