5th grade Animal Essay 2020

Brutal injuries, angry animals and fatal fights, animal fights are abusive and cruel and should unquestionably be outlawed. From pitbulls to chickens, many animals are treated like they are a worthless waste and forced to ferociously fight each other like gladiators for just the amusement of people or so someone can make some money. When this law is enacted, the criminals who exploit animals will be charged ten thousand dollars and serve up to twenty years in prison.

There is no doubt that animal fights should be illegal because animals can get severely injured to the point of fatality. Even if the animal does survive one of these barbarous fights, they could be rigorously wounded and suffer pitifully for the rest of their life.

In addition to injuries, animals are made to live in a harsh environment in which they are involuntarily forced to attack one another. Even if they had been rescued, these creatures could be traumatized causing them to behave strangely or shyly for the remainder of their lives.

Shouldn't we all want to live in a world that is safe and peaceful for all living things? Animal fights are abusive and awful and should, without a doubt, be illegal for the sake of all animals.
