## Doggy Day

The holiday I chose is Doggy Day. I chose this name because I feel like most pets in the world are dogs, so a lot more people can celebrate this holiday. What the dogs will do on this holiday is get full attention, whatever treats they desire such as belly rubs, and maybe even a nice bath! It is almost like a birthday but more fun, because so many kids love their dogs! It will not just be very fun for the dogs, but also very fun for the owners. Why is that? It is because kids love their dogs and it's really fun to hang out with them. This holiday will be celebrated on my birthday January 17<sup>th</sup>!!!
