Animal Day

Animal day is a great Holiday. Animal day is about celebrating animals from all over the world. Owners can dress up their pets and give them treats for Animal Day. And people can stop by to visit the animals or to volunteer at the animal shelter. The day it is celebrated on is March 1st. On animal day at the zoos everyone can get in the zoo for free. And in all the different cities get to pick an animal that they want to celebrate, like Miami is choosing this year a blue whale to celebrate. Oh, and Asia is choosing white pandas to celebrate. And city can teach its people about the animal's environment and its natural habitat. Most importantly animal day will be a day to celebrate all types of animals around the world. Oh and Arlington's animal that we celebrate is a Wolf because a Wolf is a symbol of a teacher, Pathfinder, sharing of knowledge, and a never ending journey!
